

MASTER PROGRAM IN INTERIOR DESIGN (MPID)

960 HOURS

24 MONTHS

The Master Program in Interior Design is an advanced, research-driven course designed for aspiring professionals who want to deepen their expertise and lead innovation in the interior design industry. This program explores complex design challenges across residential, commercial, hospitality, retail, and institutional spaces while integrating cultural, psychological, and environmental factors. Students are encouraged to think critically and conceptually, developing holistic design solutions using advanced digital tools like AutoCAD, SketchUp, and 3D rendering software.

The curriculum also emphasizes sustainable design, project management, and client communication. Through live projects, studio work, and mentorship, graduates are prepared to take on leadership roles in design studios, architecture firms, and independent practice.

INSIDE THE PROGRAM

- ✓ Advanced Interior Space Planning & Design Strategy
- ✓ Sustainable & Universal Design Principles
- ✓ Material Innovation & Interior Technologies
- ✓ 3D Visualization, BIM & Digital Rendering
- ✓ Lighting, Acoustics & Environmental Systems
- ✓ Design Research, Case Studies & Trend Forecasting
- ✓ Project Management & Cost Estimation
- ✓ Heritage, Cultural & Contextual Design
- ✓ Professional Practice, Documentation & Client Communication
- ✓ Thesis Project, Industry Internship & Portfolio

APPLICABLE JOBS

- ▷ Interior Designer
- ▷ Space Planner
- ▷ 3D Visualizer
- ▷ Furniture Designer
- ▷ Exhibition Designer
- ▷ Retail Space Designer
- ▷ Set Designer (Film/TV/Events)
- ▷ Design Consultant
- ▷ Interior Stylist
- ▷ Sustainable Design Specialist
- ▷ Kitchen & Bath Designer
- ▷ CAD Designer (Interior Projects)
- ▷ Visual Merchandiser
- ▷ Lighting Designer
- ▷ Project Coordinator (Interior Design Firm)

MODULES COVERED

AI INTEGRATED COURSE

YEAR 1

SEMESTER I

1. Introduction to Interior Design
2. Design Studio I: Living Spaces
3. Materials & Finishes
4. Technical Drawing & Drafting

SEMESTER II

1. Residential Space Planning
2. Color Theory & Lighting
3. Software Skills I
4. Interior Styling & Décor
5. Portfolio Development I

YEAR 2

SEMESTER III

1. Design Studio II: Commercial Spaces
2. Commercial Space Planning
3. Building Services & Systems
4. Advanced Drafting & Detailing

SEMESTER IV

1. Software Skills II
2. Interior Estimation & Costing
3. Project Management
4. Green & Sustainable Design
5. Portfolio Development II

Assessment will be conducted through a written examinations, Practical examination. Students are also required to submit a Final Portfolio showcasing their work, which will be a key component of the overall evaluation.
