

SPECIALIZATION PROGRAM IN VASTU SHASTRA (SPVS)

240 HOURS

6 MONTHS

The Specialization Program in Vastu Shastra is a focused course designed to provide deep insights into the ancient Indian science of architecture and spatial energy alignment. This program explores how traditional Vastu principles can be applied to modern residential, commercial, and institutional spaces to promote harmony, well-being, and prosperity.

Students learn the fundamentals of directional energy, elemental balance, site analysis, space planning, and Vastu remedies. The program integrates both theoretical knowledge and practical applications, enabling learners to work alongside architects, interior designers, and real estate professionals, or practice as independent consultants.
